**LVDT readout for bore gage, without temperature compensation**

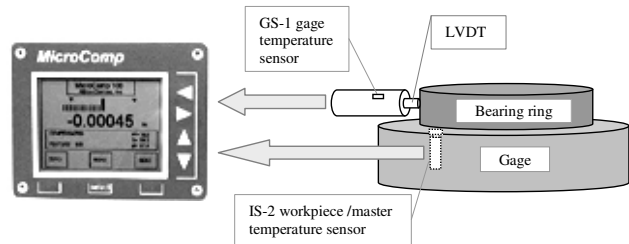

**LVDT readout for bore gage, with temperature compensation**

**LVDT readout for any bench gage**

**Temperature compensated bearing ring gaging**

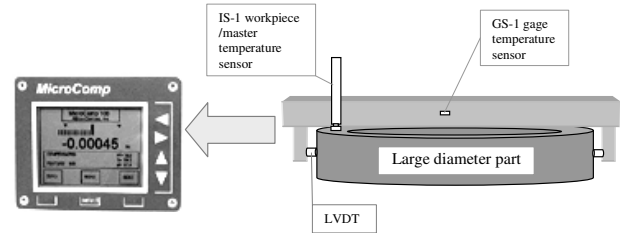

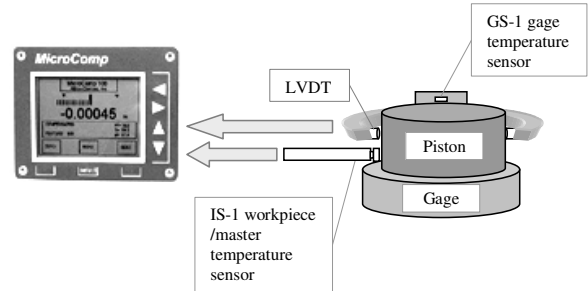

# MicroComp application concepts (cont)

www.AlbionDevices.com

**Large diameter temperature compensated gaging**

**Single dimension (e.g. skirt diameter), temperature compensated piston gaging**

**Multi dimension temperature compensated piston gaging, using MicroComp to temperature compensate host gaging system**
